

MOORE FREE LIBRARY

Library Closing and Inclement Weather Policy

The following guidelines for library closing in the event of inclement weather or for planned closures shall be applied, subject to the discretion of the librarian, in the interest of protecting the health and safety of library staff, volunteers, and patrons and the availability of library resources to the community.

Inclement Weather - On school days, if NewBrook Elementary School is closed, the Moore Free Library will be closed. On weekends and during school vacations, the Moore Free Library may close due to inclement weather at the librarian's discretion. When possible, we will post on Facebook and Front Porch Forum when the library is closed. Please call the library to make sure it is open before leaving your home. The library phone number is 802-365-7948.

Planned Closure - In the event that the library needs to close for non-weather-related reasons such as construction or other planned closure, the closing will be publicized via posting on Front Porch Forum, Facebook and in the library's newsletter. The planned closure will also be posted on the library's front door or message board.

Emergency Closure - In the event of an emergency, the library may be closed as needed. The closing will be publicized as soon as possible via Facebook and, if the closure is expected to last more than one day, by posting on Front Porch Forum. Unless circumstances prohibit doing so safely, a sign noting emergency closure will also be posted on the library's front door.
